

New! Miller® Derrick/Oil Rig Harnesses & Accessories

RDTSLP4-QC-FBDP/UBK

New Miller® Derrick/Oil Rig Harnesses and Accessories, featuring the innovative Miller Revolution™ Harness, are designed to meet the specific safety needs of workers in the oil industry. Specially-designed harness suspension loops provide greater mobility when climbing the rig, while the D-ring positioned on the back of the belt maintains positioning on the tube board.

Our wide selection of harnesses is designed with all the features required to maximize productivity and assure safety throughout the day. And, uniquely-designed, integrated accessory options are now available to allow you to select tool pouches to customize your rig with our easy-on/off technology.

All Miller® brand fall protection products meet applicable OSHA, ANSI and CSA requirements.

Miller Derrick/Oil Rig Harnesses

Miller Revolution Derrick Harness with DualTech™ Webbing and Suspension Loops

Featuring the same key elements that have made the Miller Revolution Harness the most comfortable and versatile harness available. Custom safety features have been incorporated for extra strength, durability and added comfort for working on derrick/oil rigs.
